

专家简介

Oliver Stauffer, received his Bachelors of Science degree from the University of Michigan and completed his MBA at Georgetown University. He began his career in analytical and R & D laboratories, with a focus on sensory technologies, physio-chemical measurement and test method development specific to package testing. Stauffer joined PTI in 2005 as a member of the research and development team working on non-destructive testing of high-risk pharmaceutical packaging. In 2006, he joined the sales team as applications engineer for PTI Inspection Systems. He held the position of International Business Development Manager for PTI through 2010, followed by COO through 2015, focusing on global quality solutions for package inspection that provide the highest level of measurement accuracy and reliability. During his time with PTI he has developed several technology platforms, measurement methodologies, and technology patents. In 2016, he was appointed as CEO.

Jim Veal Lighthouse Instruments 的创始人和总裁。

他在弗吉尼亚大学获得物理学博士学位。他的研究和商业方向是开发激光光谱测试方法以满足制药行业的需求。他目前专注于应用激光顶空分析技术进行容器密封完整性测试、灌封生产过程监控、和无菌药品的质量保证。

Bill Hathaway Senior Applications Engineer / International Business Development Manager for ATC by Pfeiffer Vacuum. His experience includes nearly 20 years of leak test experience in pharmaceutical, automotive, consumer electronics and general industry in both air and tracer gas technologies. His current focus includes CCIT with mass extraction, tracer gas and optical emission spectroscopy.

于磊 (Bryan Yu) 安进公司中国注册部药学负责人

美国安进公司中国注册部药学负责人。先后就职于美国礼来和安进制药公司，拥有多年生物药物研发经验。主要包括临床药物和商业化产品的工艺设计，改进和大规模生产技术支持与转让。曾负责生物药物注射器械装置系统研究和开发，药物配方研制及其稳定性研究，蛋白质和抗体药分子结构分析和特性鉴定，分析技术和新分析方法开发认证和转让；具有 GLP 和 GMP 实验室规范的建立和监督管理知识和经验。提供和准备技术和产品生产工艺报告包括美国 FDA 及 EMA 新药 CMC 报批文件，在同行审议的国际学术刊物上发表过了 30 多篇研究论文及书稿章节。美国注射剂药物学会，制药科学家学会和国际蛋白质科学学会的资深会员。中国海洋大学化学学士专业。美国俄勒岗州立大学化学硕士和化学工程学硕士。就读于美国普度大学分析化学博士专业。目前正在美国南加州大学药学院学习监管及注册事务。
